**Iron and Steel Control**  
Calcutta-1, the 31st January 1968  
NOTICE

SUB: Import of Iron & Steel against Scrap and MMTC Barter Exports.

No. 46/BR(PN)/68.—It has been observed that Barterers are making undue delay in utilising the foreign exchange entitlements meant for import of steel. It has also been observed that in respect of import licences already issued frequent requests for amendment of categories and revalidation of the licences are being made.

2. It has been decided that Barterers should utilise their entitlements quickly as such transactions cannot be kept open indefinitely. Barterers and their nominees should, therefore, adhere strictly to the procedure laid down in the succeeding paragraphs.

3. Scrap Exports prior to 26-7-1965 against 100% import entitlement:

In respect of unutilised entitlements, applications for import licence must be submitted to the Iron & Steel Controller within four months from the date of this Public Notice. Applications submitted after this period will not be entertained and the entitlement would be treated as lapsed.

4. Scrap Exports between 26-7-1965 and 5-6-1966:

No fresh recommendations from M.S.T.C. for import against entitlement will be entertained. The procedure prescribed by the Ministry of Commerce will be followed strictly. Applicants whose cases have already been recommended by M.S.T.C. within the date prescribed by the Ministry of Commerce and who have not received licences due to non-selection of categories, etc., should submit their applications and furnish required information to the licensing office of Iron and Steel Controller within 2 months from the date of this Public Notice.

5. M.M.T.C. Barterers against exports upto 5-6-1966:

Applications for import licence against these barterers must be submitted by M.M.T.C. to the Iron & Steel Controller, as per usual procedure, within five months from the date of issue of this Public Notice, failing which the entitlement will be treated as lapsed. In regard to the entitlement which has remained unutilised against import licences issued in the past, for which no further application has been made out, applications for imports must be submitted as per usual procedure within four months, failing which the entitlement would be treated as lapsed.

6. Price:

The Steel imported against Scrap & M.M.T.C. Barterers mentioned at paragraphs 3, 4 & 5, will be allowed to be sold at the prices to be mutually agreed upon between the importer and the consumer.

7. Distribution:

It has further been decided that the imported material should be sold only to the actual users borne on the list of various sponsoring authorities as published in Appendix 10 of I.T.C. Hand Book of Rules & Procedures 1967, published by the Ministry of Commerce, or to Government Departments, Projects, and Public Sector Undertakings. Pre-selection of consumers is no longer necessary.

8. Category of Steel to be imported:

Import licences will be issued for items as per the shopping list under the MMTC/Scrap Barter deals, provided the item(s) is(are) permissible as per import policy in vogue at the time of issue of the licence. No amendment to the category of steel shall be allowed in the licence once issued, except where the licensee is able to prove to the satisfaction of the licensing authority that it has been necessitated for reasons beyond his control.

9. Validity of Import licence:

Import licences will be issued with an initial validity of one year. Requests for revalidation or a period not exceeding six months will be entertained if the licensee is able to satisfy the licensing authority that the materials could not be imported for reasons beyond his control. The revalidation beyond the initial validity for a period upto 12 months may be considered by the licensing authority in special circumstances.

10. Barterers should submit to the Iron & Steel Controller (Lic-III Section) and the sponsoring authorities concerned, details of the sales of imported material within a week of their effecting such sales.
